Recording: 🎬 Pomeranian microsite initial meeting.mp4

https://en.wikipedia.org/wiki/Pomeranian_dog

Initial Meeting Notes
- Two ideas
    - **Fun and playful, plain color background**
    - Old painting, royalty
- Having a navigation bar at the top with the content sections
- Each content section can follow the same layout
    - Title at the top
    - Written section in a lighter block
    - Text on the left side and images on the right
- Home page
    - Title : banner image of pomeranian
    - Under title: basic overview of the dog (first two paragraphs on Wikipedia)
    - Flex row of photos of pomeranians
    - Light color background
- Mobile size
    - Menu button instead of nav bar
    - Title
    - Text under title
    - Images on the left/right become stacked under the text

Inspiration for visual design:

-
- Mostly photos, not illustrations

- Decorations: bones and balls
- Lighter-colored box to section out the text
- Playful, light colors
